BLUE FIRE Compact

Small is the next big thing

The BLUE FIRE Compact is a member of the BLUE FIRE kiosk line, which has been rewarded with the Red Dot Design Award. This kiosk has a smaller footprint than the other family members and is suitable as a self-order, information, webshop, registration kiosk or payment terminal.

The interaction surfaces are intuitively and ergonomically positioned. The BLUE FIRE Compact can be flexibly equipped with different hardware components, depending on the functional requirements.

Specs:

- Flexible in operating system such as Windows, Android, IOT, Linux
- Touch screen: 22/24/27, portrait / landscape, flexible for different brands
- Printer
- Scanner
- NFC
- Pin + Chip
